Mission Statement

The mission of the Providence College School Counseling Graduate Program is consistent with that of Providence College that actively cultivates intellectual, spiritual, ethical, and aesthetic values within the context of the Judeo-Christian heritage. These values are nurtured by the unique tradition of the Dominican Order that emphasizes quality teaching and scholarship. The program encourages prospective school counselors to recognize and accept the differences that exist in the traditions, discipline, practices, and culture that children bring into the school.

Our graduates are prepared for K-12 school counseling upon completing the program and have acquired appropriate skills for counseling all children and adolescents, are experienced with the use of technology, display clarity regarding the appropriate roles for school counselors, and are committed to the use of culturally responsive practice in support of every student and family they serve.

Purpose

The Master of Education degree program in School Counseling is intended to provide students with a broad background in counseling theories and skills. The program offers our students a strong curricular experience designed to produce professional school counselors who are able to integrate theory and practice and provide professional and culturally responsive leadership.

The School Counseling Program is a 42–credit program which meets the requirements of the Rhode Island Department of Education (to include 300 hours of internship in a school setting and a minimum passing score of 159 on the Praxis II Professional School Counselor Test 5422) for certification as an elementary, middle, and secondary school counselor. Students seeking licensing or certification from other states are responsible for assuring they meet the standards for credentialing in those states. Although certification requirements vary from state to state, the Praxis II Professional School Counselor Test 5421 is required in a majority of states.

PC's graduate program in school counseling prepares our students to enter the profession of school counseling ready to implement a comprehensive and developmentally appropriate school counseling program that serves the needs of all students. As graduates, they are prepared to demonstrate leadership, advocacy, teaming and collaboration, implementation of evidence-based practice, and they are culturally competent and committed to social justice and equity in education.

Standard-Based Program

A profession is characterized in part by standards that articulate a vision of excellence, define the highest levels of achievement and specify appropriate behaviors. The American School Counselor Association (ASCA) National Model (ASCA, 2019) provides multiple types of standards for the school counseling profession.

Embedded in the ASCA Model are: a) student standards, b) counseling program standards, c) professional school counselor standards and 4) ethical standards. Collectively, these define the essential outcomes to be achieved by the school counseling profession.

Standards provide a mechanism to define specific results (outcomes) in terms of student performance. To be standards-based means that the school counseling profession is focused on students achieving specific results and demonstrating (providing compelling evidence) that progress is being made toward the standards and/or that the standards have been met.

The School Counseling Program at Providence College prepares graduate students for entry into the profession by basing its courses on several sets of standards.

Student Standards

The graduate student standards utilized in this program are the Council for Accreditation of Counseling and Related Programs (CACREP) 8 Common Core Area standards. Collectively they define the knowledge, skills and attitudes toward which students are working. Each course has incorporated specific standards which are aligned with course assignments. Students create a portfolio that demonstrates the achievement of each standard.

Social Emotional Learning

The five core groups of social and emotional competencies identified by The Collaborative for Academic, Social and Emotional Learning (CASEL) and embraced by the RI Department of Education (RIDE) are integral to school counseling programs. Self-awareness, Self-management, Social-awareness, Relationship Skills and Responsible Decision-making are concepts integrated into the content of the preparation for our graduate student.

Admission

When a student graduates from Providence College with a Master's Degree of Education in School Counseling, we are verifying that the student, upon completing certification requirements in a given state, is ready to begin serving the public as a qualified school counselor.

The Admissions Process:

- <u>Application (Click here for links to the application and for more</u> <u>information regarding the application process, including information for</u> <u>international applicants)</u>
- Application fee of \$65.00
- Undergraduate and Graduate transcripts
- Two Recommendations
 - Submitted on official forms with the recommenders' name signed across the seal
 - both from school administrators/supervisors (educators)
 - both from undergraduate professors (non-educator/recent graduate)
 - both from work supervisors (non-educator)
- A professional statement including:
 - the core values and beliefs that you bring to the position
 - o the experiences that have shaped your thinking
 - your observations of other professionals in this position
 - the impact you hope to have on a school community

Policies and Procedures

Acceptance into the Program

Candidates formally begin the program at three intervals per year:

- Students accepted in the March 1st application group may begin the program in Summer I, Summer II or Fall Semester.
- Students accepted in the July 1st application group begin the program in the Fall Semester.
- Students accepted in the November 1st application group begin the program in the Spring Semester.

A required orientation for new candidates will be conducted by the director following acceptance.

Transfer of Credits

No more than six credits may be transferred into the program.

Graduate Education Scholarship Funds

There is an annual distribution for the three scholarship funds (Monahan, Sullivan, and Coccia). The scholarship funds provide small (usually 1-course) tuition scholarship grants to deserving underrepresented students who are enrolled in a Providence College Masters of Education degree program. Candidates must complete the <u>Graduate Education Scholarship Form</u>.

Length of Program

Candidates must complete all requirements of the Masters of Education (M.Ed.) Program within five years. Exceptions may be granted because of extenuating circumstances (illness, accident, etc.). Requests for an extension or leave of absence must be made in writing.

Course Sequence

The fourteen courses for his program are divided into five clusters. Students are encouraged to follow the suggested order as described on page 17. Sample maps of courses are given on <u>pages 18-19</u>. The courses scope and sequence are located on page 20.

Email Address

All candidates must use their PC email addresses to communicate with instructors and staff. Candidates are expected to check their PC email account and are held responsible for notices and due dates communicated through the PC account.

<u>Grading</u>

A letter grade of C is the lowest passing grade for graduate courses; however a B average is required for graduation. The following letter/numerical grade conversion chart will be applied to the above projects:

А	A-	B+	В	B-	C+	С	C-
94-	90-	87-	84-	80-	77-	74-	70-
100	93	89	86	83	79	76	73

All projects will be carefully reviewed according to a rubric, which will be provided and discussed in class. The final course grade will be posted on Cyberfriar in accordance with the Providence College grading timeline. Candidates whose projects are not submitted according to the suggested due date and who do not make prior arrangements for additional time with the course instructor will receive an incomplete until all work is submitted and reviewed. No penalty will be imposed for candidates who request additional time.

Course Grade of Incomplete

Candidates who receive a grade of an "Incomplete" must complete required coursework within one year. If the one-year deadline is not met, the candidate must re-register for the course. Students with two "Incompletes" may not register for another course until at least one has been completed and the grade changed.

Required Grade/Assessments

Candidates are required to maintain a "B" average in all coursework and develop a portfolio that demonstrates mastery of CACREP Standards. Standards are assessed as they are met by course instructors and then again at the end of coursework. At the conclusion of the internship, a final, comprehensive assessment includes a presentation by candidates of their personal discovery of strengths, challenges and best learning.

<u>Class Attendance</u>

School counseling candidates are expected to attend all scheduled classes each semester and to demonstrate the completion of weekly readings and assignments through their participation in class discussions.

- Candidates should not schedule vacations that interfere with class attendance. This is true of any semester, **but especially the summer sessions**. Since the amount of time missed during a summer session would be substantial, instructors may deny participation in the course due to the significant amount of instruction that would be missed.
- Candidates who are absent from one or more classes due to scheduled

professional events, such as parent conferences or school meetings, should inform the instructor ahead of time and make up missed work.

• Candidates who miss one or more classes due to illness should contact the instructor and make up work that was missed.

Class Participation

- In addition to completed assignments, candidates demonstrate commitment to their learning through the ways in which they engage in their classes. Levels of class participation are described as follows:
- Frequent Participation Candidate becomes part of the conversation nearly every week and in a significant way, sharing or questioning a new understanding or idea, thus contributing to the learning of all candidates. This candidate demonstrates unquestionable commitment to course texts and, therefore, to his/her own development as a reading professional.
- **Occasional Participation** Candidate becomes part of the conversation every so often. While often contributing to the conversation in a significant way when participating, this candidate demonstrates an **inconsistent commitment** to course texts and, therefore, to his/her own development as a reading professional.
- **Little Participation** Candidate seldom becomes part of the conversation. While learning from the conversation of others, this candidate **does not demonstrate a commitment** to course texts.

Disclaimer

The course syllabus and class schedule may change at the discretion of the course instructor. All changes will be communicated to graduate candidates in class and by PC email.

Science of Reading

Teachers are required to be "aware" or "proficient" in structured literacy, depending on the grade level and subject area in which they teach. Consequently, school counseling candidates should be knowledgeable of this legislation (Rhode Island, 2019):

- All candidates admitted to the program as of **July 1, 2022**, will be required to demonstrate proficiency at the "awareness" level in the science of reading. This can be done in one of two ways:
 - Take and pass the online training provided by RIDE free of charge through their site, Bridge-RI.
 - Participate in district-level training that meets the awareness level of proficiency.
- Either of the above paths will provide individuals with a Certificate of Completion which they will place in their school counseling portfolios.

Application for Graduation

Candidates must apply to receive their degree and/or to participate in the graduation ceremony.

- 1. Students may choose to participate or not to participate in the graduation ceremony. All students, regardless of choice, **must apply to graduate** to receive their degrees.
- 2. When the Dean receives an application for graduation from a candidate, a notice is sent to the School Counseling Program Director who reviews the individual's transcript and signs the Degree Clearance Form indicating (a) approval for graduation or (b) "degree hold." The director will certify each degree and release diplomas that are on hold at a later date when all requirements are documented.
- 3. Degrees are conferred in December (no ceremony) and May (with or without ceremony).

<u>Praxis Exam</u>

4. Taking the Praxis Exam, that is, the Professional School Counselor test (5422) is a requirement for the M.Ed. in School Counseling Program. Candidates must take the Praxis exam before graduation. Passing the Praxis is required for RI Department of Education certification. Out-of-state students may substitute their state-testing requirement for the Praxis.

Class Cancellation:

In the event that class is cancelled because of College closings or the inability of the instructor to meet with the class, students will be informed via PC email and/or Sakai as quickly as possible. A cancelled class may be made up during exam week or at a time that is negotiated with the class.

<u>Academic Integrity</u>

In the Providence College Graduate Catalog (2023-2025), the following statement reflects the college position on academic integrity and the actions that are considered to be in violation of that position:

Our Judaeo-Christian heritage and our commitment to the intellectual and moral growth of our students are central to the Mission of Providence College. We are committed to developing the habits of living a productive life that includes the conscious and public practice of integrity. Our Mission inspires us to pursue Truth, and to identify God as Truth, and thus we are committed to cultivating the virtue of honesty in all aspects of campus life, especially in our pursuit of Truth in the classroom, whether that classroom is in-person or on-line. We recognize that violations of integrity are harmful not only to our own pursuit of Truth, but are detrimental to the entire learning community of our College in that they dishonor our efforts and compromise our dedication to a spirited pursuit of learning. To such an end, we expect our faculty, students, and administrators to support this culture of honesty, integrity, and respect for the Truth. We believe that the best way to assure that our community embraces a lifelong commitment to integrity is through the full participation of students in the process of development and implementation of a policy that allows for the practice of integrity among our entire College community.

All graduate students are expected to understand and avoid violations of academic integrity and to adhere to the highest standards of integrity in all

academic work. Further information about the Providence College Copyright Policy and Guidelines can be found at the following website: <u>https://catalog.providence.edu/content.php?catoid=36&navoid=1342#Academi</u> <u>c Integrity</u> All violations will be reported to Fr. Mark Nowel, Assistant to the Provost.

Disability Accommodations

Providence College offers equal educational and employment opportunities to all members of the College community according to the Americans with Disabilities Act and Section 504 of the Rehabilitation Act. Students with a documented disability should arrange for accommodations with the Office of Academic Services at <u>https://academic</u>services.providence.edu/services/rights-responsibilities.

Academic Support Services

The Office of Academic Services (OAS) offers all Providence College students a variety of support services, including individual and group tutoring in writing and academic skills. For information about academic support services, contact OAS at 401-865-2494 or <u>https://academic-services.providence.edu/</u>.

Inclusivity Statement

Providence College is committed to welcoming and retaining a diverse faculty and student body. School Counseling candidates should know that diversity, equity and inclusivity are major factors in every decision made at the college.

Digital Devices/PC Email

Cell phones, I-pads and personal computers may be used for instructional purposes; however, all candidates should refrain from personal use of digital devices during class time. School Counseling candidates are responsible for keeping their PC email account active and for checking this email regularly. All college and class communication will take place through PC email.

Classroom Safety Policy

In the event that building fire alarms are activated, all occupants must exit from the building. Students who require assistance during an emergency evacuation should make arrangements with the course instructor in advance. All students should become familiar with emergency exits.

COVID-19 Policies

Our program follows the Providence College administration regarding any policies for COVID-19.

Please refer to the following link for updated information about COVID-19 policies: <u>https://www.providence.edu/coronavirus/</u>

A Word about Writing

As an aspiring school counselor, graduate candidates must demonstrate a commitment to learning and academic work in their own lives and serve as models for the children and adults in their communities.

High personal standards are essential to promote high standards for students. The task of writing a clear and effective report, case study, lesson, or reflection is challenging. Candidates must work beyond a first or second draft. Revision and editing involve undivided attention to content and grammar. In the Graduate School Counseling Program at Providence College, candidates are expected to exemplify sound oral and written communication skills. The written work submitted in this graduate program will be evaluated according to standards that are reflective of a highly literate professional.

Graduate Assistantships Frequently Asked Questions

WHAT IS A GRADUATE ASSISTANTSHIP?

Graduate Assistantships are jobs that are available to students who have been officially accepted into a graduate degree program and are enrolled on a full-time basis.

WHAT ARE THE BENEFITS OF WORKING AS A GRADUATE ASSISTANT?

Graduate Assistants (GAs) receive a monthly stipend for working in their position on campus. For the first year, the stipend is \$700/month and for the second year, the stipend increases to \$750/month. Along with this stipend, GA's also receive tuition remission. Both 9-month and 12-month positions, will receive remission for the academic year and winter session. Twelve-month positions also provide remission for 1-2 summer classes (total across Maymester, Summer I and Summer II). With the exception of students awaiting bachelor's degree conferral in May, Graduate Assistants only receive tuition remission for a given semester if they begin working on or before the first day of classes in a given term.

HOW CAN I APPLY FOR A GRADUATE ASSISTANTSHIP?

In order to apply for an assistantship, you must complete a Graduate Assistant application on Providence College's Human Resources Career Site (https://careers.providence.edu). You will need to create a username and password in order to create your application and apply to open assistantships. You must attach a cover letter and resume and any additional documents the hiring department may require. Once you have applied, the hiring department will be in contact with you regarding the status of your application. You can apply to open positions without being accepted into your program; however, you will not be hired unless you are accepted into a graduate program and your undergraduate degree is conferred. Please check the site frequently as jobs are added periodically.

HOW WILL I KNOW IF I'VE BEEN HIRED?

Once the supervisor has made his or her hiring decision and the candidate has accepted the offer, the Office of Financial Aid will be notified. The Office of Financial Aid will then send out a conditional offer outlining other information you will need to begin your position. This includes coming to the Office of Financial Aid before your first day of employment in order to complete employment verification forms.

HOW MANY HOURS PER WEEK CAN I WORK?

If you are hired as a graduate assistant, you must work 20 hours a week in your position. You are not authorized to work more than 20 hours or hold another position on campus. You must work out a schedule with your hiring supervisor that works for you both as well as taking your class schedule into account.

WHAT ARE THE JOB DUTIES OF A GRADUATE ASSISTANT?

Job descriptions vary by departments. Sample duties include writing assigned news stories for college publications, assisting faculty with research projects, assisting faculty with computer issues, conducting library research, and helping to coordinate commencement activities.

HOW MANY CLASSES MUST I TAKE IN ORDER TO KEEP MY GRADUATE ASSISTANTSHIP?

The course load of a graduate assistant consists of a minimum of 3 courses and a maximum of 4 courses in each semester (fall and spring). Students may also take up to 2 winter session courses, if available. Students hired in a 12-month position are required to take at least 1 course but no more than 2 across the summer sessions (inclusive of Maymester). 9-month graduate assistants are not eligible for tuition remission for any summer courses or Maymester and must pay for courses taken in summer. Furthermore, students who enroll for more than the required course load are required to pay for the additional courses out of personal resources or financial aid.

AM I GUARANTEED TO RECEIVE A GRADUATE ASSISTANTSHIP AND KEEP IT FOR THE SECOND YEAR?

No. These assistantships are extremely competitive and limited. Students are encouraged to apply to the positions they are qualified for. Students are hired to an assistantship for one year. There is no guarantee that you can keep the same position for the second year but there is the possibility for renewal. Renewal is based on academic performance and performance in the position.

Scholarships

Students applying to enroll in the School Counseling Program may be eligible for one of three available scholarships. The value of the scholarships is based on endowment investments and the number of applicants and may vary each semester.

General Guidelines for Portfolio Development

Master of Education in School Counseling Updated August 2023

[NB Students accepted into the program from the summer of 2023 onward will have updated guidelines TBD during the fall '23 semester]

A. Portfolio Development

- 1. In order to complete the Masters of Education in School Counseling Program, students must develop a program portfolio which demonstrates their knowledge and growth over the course of the program.
- 2. The School Counseling Program is designed to prepare counselors to meet the standards developed by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). These standards form the framework upon which student portfolios will be developed. The portfolio must be based on the standard(s)/indicator(s). Click here for the 2016 CACREP standards, Table of Contents and

cover sheet

2016 Portfolio Cover

Sheet

Evidence for the student's portfolio should be drawn from assignments, activities, and tasks completed during the course of the program. Whenever possible, students should include materials which indicate grades or comments made by course instructors. Each portfolio entry should be reviewed in terms of the <u>Rubric for Portfolio Entries</u>, found here. All evidence will be stored electronically by Spring 2024. In the meantime, students should keep a folder on their personal computer

3. Each piece of evidence must have as its cover the student entry sheet, which includes a statement of reflection and rationale that describes the entry and its coherence with the selected standard and knowledge indicators. If a student thinks that they would like to place a particular class project or piece of work in their portfolio, the student must **submit the entry form to the instructor when initially submitting the work for evaluation as part of the course.** The instructor will assess the work for both purposes: (1) as a class assignment and (2) as a portfolio entry. The instructor will return work to the student with the completed entry sheet.

- 4. Students should place only pieces of work in their portfolio that receive a "proficient" or "distinguished" rating by their instructor. If a student chooses to revise or improve an assignment before including it in his/her portfolio, the student must gain the instructor's approval and agreement to re-assess the assignment for purposes of the portfolio. This should happen in the semester in which the class is taken.
- 5. Students may cover multiple standards and indicators with one piece of evidence. However, **two or more pieces of evidence must be used from each course in order to meet all standards/indicators before beginning Internship.** If an assignment covers multiple standards (e.g., 2b, 5a, 5d), submit a separate cover sheet and rational for each standard (e.g., one for 2b and one for 5a and 5d).
- 6. Each portfolio should be neatly and professionally organized and include:
 - a. A **cover sheet** which identifies the student, the program in which the student participated, and the date completion of the portfolio
 - b. A Table of Contents. Click <u>here</u> for the table of contents.
 - c. A two-page reflection paper from the preliminary portfolio review and a four-page reflection for the final portfolio review.
 - d. **Eight sections,** one for each standard, which includes the evidence for each CACREP standard.

B. Assessment/Portfolio Review

Students' portfolios will be assessed as follows:

- 1. Each entry is reviewed by an instructor and deemed either "Unacceptable", "Emerging", "Proficient" or "Distinguished". Only "Proficient" and "Distinguished" entries are acceptable for inclusion in the portfolio. **This is the first step in assessment.**
- 2. Before the conclusion of their first semester, students will write a two-page reflection paper and submit it to the program Director. Click <u>here</u> for two-page reflection description. [Students accepted after spring 2023]

- 3. Director sets up a meeting with students to discuss their two-page reflections and map a plan for the completion of the program.
- 4. During the spring before internship, students meet with the Director and Internship Instructor to discuss portfolio progress and plans to complete it. At this time, they receive Internship information as well.
- 5. At the beginning of Internship II, students will be given an opportunity to sign up for a presentation date in mid to late April. At this time, they will present a PowerPoint presentation (5-8 slides) based on criteria provided to them. Click <u>here</u> for Criteria.
- 6. Two weeks before their scheduled presentation, students send their completed Table of Contents to the Director along with their four-page reflection paper.
- 7. Students will present their best learning to the Director and one or more faculty members. A discussion of their presentation, four-page reflection paper and competed portfolio Table of Contents follows.
- 8. Reflections and evidence will be assessed using rubrics which describe performance at two levels: distinguished and proficient, or emerging. Eligibility to graduate from the program will require a "proficient" level of performance for each indicator **and** in the assessment of the overall portfolio.

Internship

The school counseling internship experience (300 hours) is viewed as an important phase of the School Counselor Education Program and as such, a significant share of the intern's time is devoted to exposure and involvement in on-the-job activities providing sufficient time to enable the intern to grow both personally and professionally.

Supervision of the intern by the Site Supervisor must be performed by a certified professional school counselor in the school, with a minimum of three years' experience, knowledgeable of the CACREP Standards and their school application, who has an interest in supervision and sufficient preparation and a master's degree to assure that the intern's professional development becomes a mutual experience for both the intern and the supervisor.

No student will be authorized to enroll in the internships without the successful completion of EDU 544 (Pre-Practicum Training) and EDU 548 (Counseling Practicum).

Two-Page Reflection Paper

You are beginning your graduate experience toward a degree that will lead to a position as a school counselor. Reflect upon the knowledge you have gained in your first few courses. The following issues should be addressed:

- A. What are your expectations of the school counseling program?
- B. What do you expect to learn that will affect your work as a school counselor?
- C. How do you see yourself in the role of a school counselor? Be specific.
- D. Optional. Feel free to make additional comments.

Please contact the Program Director at 401-865-2922 if you have any questions.

Please submit this reflection to the Program Director before the end of your first semester.

Four-Page Reflection Paper

You will soon be completing your graduate experience. You have performed a multitude of tasks with a variety of individuals and in many situations. Reflect upon the knowledge you have gained. Thoroughly review your portfolio and look at your growth. The following issues should be addressed:

- A. What were your expectations and/or beliefs when you began your course work? Have they changed and, if so, how? If they have not changed, to what do you attribute that fact?
- B. What learning experiences, readings, projects, etc. gave you the most satisfaction?
- C. Which standard(s) led you to gain the most knowledge or growth? In what areas do you feel you need additional growth? How might you gain that additional growth?
- D. What have you learned about yourself and how will this affect your work as a school counselor? Reflect.
- E. How do you see yourself in the role of a school counselor? Be specific.
- F. What recommendations might you suggest which, if adopted, would enhance the counseling program?
- G. If you have taken the Praxis II Professional School Counselor test (5421), how well do you feel the Counseling Program prepared you to achieve a minimum passing score of 156 on this assessment?
- H. Optional. Feel free to make additional comments.

Please contact the Program Director at 401-865-2922 if you have any questions.

Please submit to the Program Director during Internship 568.
